

CANADIAN CLASSIC CHEVY CLUB

What's the most popular car in Canada? The answer is the Chevrolet! What's the most sought-after collector vehicle today? The answer, of course, is the 1955, 1956 and 1957 Chevy! They are the most sought-after vehicles in Canada because they are true "CLASSICS". If you're looking for car tours, fun-runs, picnics, technical help, a quarterly newsletter, parts (buy, sell or trade), or just a family-oriented association with

other 5/6/7 lovers, then we've got the Club for you. Socializing and enjoyment of the cars are the underlying purposes of the Club, as is helping Club members maintain, restore, modify and enjoy their Classics. The only requirement is an interest in '55, '56 or '57 Chevrolet vehicles (cars, trucks or Corvettes). Ownership of one is not necessary. Check out our website at www.canadianclassicchevy.com
